MAY 1979

The MARQUEE is supported in part by the Kansas Arts Commission, a state agency, and the National Endowment for the Arts, a federal agency.

WHITE HOUSE CONFERENCE ON THE ARTS

One of the most significant results of the recent and very successful Kansas Theatre Conference is the following AKT Position Paper regarding the White House Conference on the Arts. It was prepared by AKT's Executive Director, who led the special AKT Conference session designed to consider the role of AKT and other Kansas arts agencies in the White House Conference.

The Association of Kansas Theatre, a state affiliate of the American Theatre Association, is a living model of unity-in-diversity of theatre effort. Composed of five divisions (Children's, Community, Professional, Secondary school, and University/college theatre), and connected organically with regional and national theatre activity, the AKT is committed to the dual goal of excellence and accessibility in theatre experiences for all the citizens of Kansas.

A large midwestern state, Kansas has a total area of 82,264 square miles (approximately 400 miles east-west to 200 north-south) and an estimated population of two and a half million. The bulk of the population is in the eastern half, where the state's three major urban areas are located. There is no metropolitan center in the entire western half of the state; Garden City, with a 1978 estimated population of 18,400 is the largest city west of Hutchinson. These geographic and demographic realities figure significantly in the efforts of theatre people in Kansas to achieve their stated goals of excellence and accessibility.

Sharing with countless others the conviction that theatre and all the arts are essential life experiences for all human beings, the members of the Association of Kansas Theatre have identified eight major issue areas needing to be addressed by the upcoming White House Conference on the Arts:

1. There is a superordinate need for a national policy -- an "Arts Acclamation Proclamation" -- supporting theatre and the other arts as essential to individual human fulfillment, and communication of this policy to every town and hamlet in the nation.

2. Implied in this commitment to the arts as an essential part of life is the commitment to include theatre and all the arts in the basic core curriculum for all formal learning experiences, and further, in every opportunity for learning, formal and otherwise, in the lifelong process we now recognize learning to be.

3. There is a need to define "excellence" and explore its various manifestations; there is a further need to explore how it can be achieved.

4. There is a critical need for the training of theatre artists, theatre teachers at all levels, and theatre managers.

5. There is also a critical need for adequate performing and support space for theatre activity, particularly in smaller population centers.

6. There is a need to discover and address the particular problems of producing and teaching theatre and drama and other arts in rural areas--what are the ancillary problems, such as roads, availability of discretionary time, attitudes of citizens?

7. There is a need for communication: among all artists and arts groups for the purpose of sharing and stimulation, and about their activity to the general public; this includes the need for media support of arts activities in the same spirit that media coverage is given to athletic events.

8. Lack of money is at the root of many of the above issues. Private and governmental sources of funding need to be developed and criteria selected by which community and educational groups and/or individual artists are found to be eligible for available funds. Procedures to be used for applying for these funds need to be broadly communicated.

The Association of Kansas Theatre strongly urges the Planning Council for the White House Conference on the Arts to design the procedures for selection of delegates to this Conference to include the broadest representation of grass-roots needs and concerns.

Members of the Association of Kansas Theatre also strongly urge that the national Conference be preceded by state conferences, in the manner of the Michigan Council on the Arts in June, 1978, during which the particular problems encountered by all theatre artists, teachers of theatre and other arts, and producer/managers of performing arts in the State of Kansas and other states may be identified. Such state conferences, if appropriately publicized, would go a long way toward raising the consciousness of citizens in each state regarding theatre and all the arts, and would tend to maximize the impact of the national Conference.

We are confident that once the message from the White House Conference on the Arts goes out--the "Arts Acclamation Proclamation" that the arts are O.K. in America--our goal of excellence in theatre and all the arts for all the citizens of Kansas will become a reality.

Respectfully submitted,

Twink Lynch, Executive Director
Association of Kansas Theatre

\$1000 OFFERED FOR SPECIAL PLAYS

One thousand dollars is being offered by the Kansas Association for Retarded Citizens for plays having mental retardation as a major theme or containing roles suitable for retarded or disabled actors. Michael Hofferber, KARC staff member said, "The abilities of the retarded and disabled rarely come to light, nor have handicapped persons received many opportunities in the performing arts. To make up for both of these shortages, the Association is searching for three scripts which express their concerns."

"Scripts will be published, distributed and produced nationwide to publicize the needs and abilities of retarded persons," he said.

For more information, telephone KARC (913) 236-6810, Mission, Kansas.

MID-AMERICA THEATRE CONFERENCE

The planning committee for an ATA Region V Theatre Conference had its initial meeting on the campus of Creighton University in Omaha, on April 28. Region V, or the Mid-America Theatre Conference (MATC) is comprised of North Dakota, South Dakota, Minnesota, Iowa, Nebraska, Kansas, and Missouri. Chaired by Dr. Tice Miller of the University of Nebraska at Lincoln, the committee explored possible directions for the conference, which is scheduled for March 28-29, 1980 in Omaha. In addition to the day's planning sessions, the group toured the University of Nebraska Theatre facilities, the Omaha Community Playhouse, and the Howard Johnson's Motel selected for conference housing.

Twenty-three representatives of the MATC region were present, including AKT Board President Ron Frederickson, President-elect Joyce Cavarozzi, and University/college chairperson Piet Knetsch. The Kansas "delegation" attended that evening, the Omaha Community Playhouse production of "The Robber Bridegroom", staged by Charles Jones, Executive Director of the playhouse, who was one of the three adjudicators at our recent Kansas Festival of American Community Theatre.

KANSAS MUSICAL GOES TO NEW YORK

The Haysville Campus High School drama students are heading for a climactic experience when they hit the stage in New York City with an original musical comedy entitled Beau Tie. This play is the result of a 17-year-old girl's whole summer, 'spare time,' and dreams. Karla Reisch, Campus High School senior, who wrote the script, music, and lyrics, is also director of the show, which premiered in the Campus High School Theatre May 11 and 12. Campus junior Rose Kuhn is stage managing, and Lisa Lack, senior is choreographer.

Their drama instructor, Ms. Nadine Charlsen, submitted the two-act musical to the American Theatre Association for presentation at its 43rd annual convention slated for New York City in August. From over 600 applicants nationwide, Beau Tie was one of four selected to perform at the ATA convention. Forty-five students, teachers and parents will take the trip to the "Big Apple." The group is still involved in fund-raising projects, working hard to raise the \$27,000 needed to make this dream a reality. Community and statewide response has been so enthusiastic, that they have passed the \$20,000 mark in less than two months. Anyone

interested in contributing to the cost of the New York trip for these deserving young students may contact the Campus High Drama Department (316) 524-3281.

The premiere performance of Beau Tie was alive with special activities. A number of audience members became "patrons" at \$25.00 per couple, \$15.00 for a single, and \$50.00 for a business contribution which included two passes for representative patrons. As patrons, they attended the opening night party, received a copy of the script autographed by the entire cast, crew, and playwright, a patron button, and special golden tickets with preferred seating. They were also invited to a special session following the performance which featured several Kansas theatre educators who responded to the production and the script.

Beau Tie? The musical deals with love, adolescence, and rejection. Maestro Malcolm McKinley is a well-to-do professor in a little college town. He teaches in his own home where he lives with two nieces, Kandy, 21, and Lisa, 12. Kandy runs into love-related obstacles as she is forced to choose between two suitors: Brian, a music student who is dippy but bright, and Jeff, who is macho but dumb. Lisa adds to the trouble by making up words to expand her "valacumotory." The girls live with their uncle because their parents are missionaries in remote Tallawacacoco.

The crises are numerous, and the trials painful, but it all ends happily with a grand chorus of maids and butlers cheering on the 12-year-old Lisa and her pet frog, Theodore.

TOPEKA CIVIC THEATRE WINS REGIONAL FACT FESTIVAL!

Neil Simon's "The Good Doctor," given rare and careful treatment by a gifted Topeka Civic Theatre cast and crew -- lucky enough to have the refining touch of director Don Bachmann -- was selected to represent ATA Region V in the National Festival of American Community Theatre (FACT). The regional competition, held in Rapid City, South Dakota on May 4-6, featured 6 winners of state FACT festivals. The adjudicators who gave Topeka Civic this enthusiastic endorsement were Bob Telford, President-elect of the American Community Theatre Association, Gary Gardiner, Professor of Theatre at UCLA, and reknowned actress Irene Tedrow currently recognized by most of us as the grandmother in the TV series "Three's Company."

The cast and crew of "The Good Doctor" will now travel to Theatre Memphis for the National festival July 27-29 along with eight other regional winners. Two of these will be selected to perform at the annual August Convention of the American Theatre Association in New York City.

Congratulations and best wishes to Don Bachmann and the "Good Doctor" company. Here's to more Kansas clout at ATA!

GOAL SETTING SESSION

Sagging season? Ebbing enthusiasm? Bored directors? Maybe AKT's new Executive Director can help. Twink Lynch recently accepted an invitation to spend a day with the newly incorporated Lawrence Community Theatre when the Board of Directors met for an all day goal setting session with Twink acting as impartial facilitator. Other groups may wish to consider making use of her expertise.

The Lawrence group had mounted six plays in the last two years and felt that it had started a producing cycle and never taken the time to formulate basic questions about audiences, seasons, facilities, and membership. By setting aside a block of time and then inviting an outsider to help keep discussion from bogging down, it was hoped that some of these questions could be presented in a constructive way.

Initial discussion focused on the theatre's reason for existence. What did the members hope to achieve for themselves? Why were they involved and why did they wish to involve others? What kind of theatre did they want? What kind of relationship did they desire with the Lawrence community?

From this general exchange of ideas and information, three areas were chosen on which to focus: people, program, and facilities. Twink suggested that the Board compile a composite list of ideas relevant to each of these areas. Smaller interest groups were then formed: one focusing on program, one on people, and the third on facility. These small groups took the idea list, added, subtracted, discussed, weeded out and finally wrote down a series of specific goals attainable in a ten year period. The groups then reassembled and explained their work to the whole Board.

By the end of the day, a comprehensive plan emerged that could help the theatre grow. By making specific written statements concerning theatre needs and hopes, a partial roadmap has been established to assist with growth and development. Board members left the session exhausted but with positive feelings about the results. The proof? one of the goals they set was to schedule such a session every year.

Mary Doveton, Lawrence Community Theatre

(Ed Note: This service is offered free to organizational members of AKT and for \$100 to non-member theatre organizations. Mary makes the personal suggestion to anyone planning this kind of meeting: make sure there is a bottomless pot of coffee.)

DIVISION REPORTS AND INFORMATION

Children's Theatre - Charlotte Mason, Division Chairperson
101 Michigan # 101, Lawrence, KS 66044 (913) 841-6495.

I would like to thank all of you who participated in the First Kansas Festival of Theatre for Young Audiences. This AKT Conference event was very successful and represents a big step forward for the Children's Theatre Division and for AKT. Special thanks go to Kat Matassarin for her work with festival local arrangements, and to John Holly for his job as festival stage manager. Also we are indebted to the Wichita Art Association for graciously allowing us the use of their lovely building and to Sister Ambrosine, Executive Director of the Children's Theatre at the Wichita Art Association.

The Festival was also successful because it brought together five excellent Children's Theatre companies (Hutchinson Repertory Company, The Seem-To-Be Players, of Lawrence, Music Theatre of Wichita, Emporia State University Children's Theatre, and Kansas University Theatre for Young People) with shows in a variety of performance styles, ranging from opera to audience participation. Responding to the performances were Dr. Jed Davis of Kansas University, and Professor Laura Barrett Jones of Emporia State University. Their insightful comments performers and other

participants in the Festival. Everyone involved, whether on stage, back stage, or in the audience, had a delightful and exhausting day. When asked if AKT should plan to hold a second Kansas Festival of Theatre for Young Audiences, participants answered with a resounding YES!

In light of feedback from festival participants, we hope to expand the schedule to allow for workshops in Children's Theatre as well as performances and response sessions. In addition to our own excellent resources, we would like to bring in respondents from outside the state. We would like also to include more performing companies for an even broader representation of Children's Theatre activity in Kansas. To achieve these goals, we need to hear from those of you involved with Children's Theatre and Creative Dramatics. We need your ideas for programs and we need to know who is producing live theatre for children. Even if you do only one production a year for children, or sponsor an occasional creative drama program, we would like to know about your work. If you already belong to another division of AKT, you can also belong to the Children's Theatre Division at no additional cost. We would especially like to hear from community theatre groups, junior colleges, and secondary schools involved with theatre for children.

Although this year's conference focused on formal theatre for audiences of children, we need to keep addressing ourselves to the problems of establishing drama programs in the schools, especially at the elementary level. David Gooder's excellent session on the Arts in Education helped point our some current resource material on this issue. We must all be working in our local schools to help provide drama programs and to interest teachers and administrators in the use of drama in the classroom.

Community Theatre - Merna Pritchard, Division Chairperson
925 Ash, McPherson, KS 67460 (316) 241-4267

Since becoming active in the Kansas Community Theatre Conference (KCTC), one of the highlights of the AKT convention for me every other year is the Festival of American Community Theatre (FACT). This year was no exception. It is such a thrill for me to see the very talented people in community theatre perform with truly excellent productions. The FACT competition this year was the best ever. A more varied program could not have been achieved if it were planned.

Friday evening started with Salina Community Theatre's production of "A Thousand Clowns", followed by Wichita Community Theatre with "The Seagull", and closing with Lawrence Community Theatre's "Vanities". Saturday afternoon saw Winfield Community Theatre (FACT winner of 1977) present "Last of the Red Hot Lovers", and Overland Park's Barn Players with "The American Dream". Saturday evening started with Paola Community Theatre's performance of "John Brown's Body" and ended with Topeka Civic Theatre's production of "The Good Doctor".

The judges were Charles Jones, Executive Director of the Omaha Community Playhouse, David Young, Executive Producer of the American College Theatre Festival, and Nat Eek, Dean, College of Fine Arts, Oklahoma University. These three gentlemen showed such insight and variety in their public responses, it was a thrill to share their perceptions and hear what they had to say to each performing group. They conducted themselves at all times as true professionals, and everyone involved went away with a sense of accomplishment, and a feeling of having learned something from the whole experience.

Topeka Civic Theatre won the competition this year with "The Good Doctor", and, as mentioned earlier in the MARQUEE, went on to win the Region V FACT festival in Rapid City South Dakota held on May 4 and 5. But most important to me about the Kansas FACT Festival was the fact that Community Theatre companies from all over the state performed so outstandingly. It was so exciting -- here was theatre begin presented by Community Theatre groups that made the professionals sit up and take notice. I was proud! I have always known that we could put many of our plays up against any theatre being performed in Kansas, but seeing the excellent quality of Productions at FACT '79 just confirmed my feelings. Thanks to all who participated this year. It was a pleasure sitting in the audience. And to those of you who didn't participate -- it's time to be thinking about FACT '81.

Kansas Community Theatre Conference
Annual Business Meeting Minutes - March 10, 1979

The Annual Meeing of the Kansas Community Theatre Conference was called to order by the President, Merna Pritchard, March 10, 1979, in the Gallery Room, Holiday Inn Plaza, Wichita, Kansas. The minutes of the 1978 annual meeting were read by the Secretary-Treasurer, Nancy Sager, and approved by those present. The financial report was read and approved, showing a balance in the bank of \$101.78

The AKT Executive Director, Twink Lynch, then gave her report, stating that she was basically the central resource person for theatre in the state and available to community theatres throughout the state to work on Board/Management problems at no cost to AKT organizational members. She also knoted that fund-raising is needed due to federal cut-backs and stressed that we must know where we are before we can go forward. Good planning and management is of utmost importance. She also made note of the fact that there are now 49 registered community theatres actively performing in Kansas, a figure to be proud of.

The President then had everyone introduce themselves and identify their community theatre group. The following District Chairpeople reported from their areas: a) Distric 3: Mary Doveton, Lawrence Community Theatre; b) District 4: Richard Basgall, Way-Off Broadway Players, Dodge City; c) District 5: Judy Gentry, Winfield Community Theatre. There were no reports from Districts 1, 2, or 6.

Marsha Stewart, Salina Community Theatre, President-Elect, was then introduced and announced that she was still looking for a Secretary-Treasurer, and would welcome any suggestions when she takes office.

The President then reminded everyone of the Regional FACT competition to be held May 4&5, 1979, in Rapid City, South Dakota, and the meeting was adjourned.

Nancy Sager,
Secretary, Kansas Community Theatre Conference.

Professional Theatre - Veda Rogers, Division Chairperson
Vassar, KS 66543 (913) 828-3249

Regarding Convention '79: On Saturday morning, March 10, the Professional Division held its annual meeting at the Holiday Inn Plaza, Wichita, in the Director's Toom. Present were Steve Butler of S.E.C.T.; Steve Wolf and Mike Hostetler of Theatrical Services, Inc.; Jeff Corrick of Hutchinson Repertory Company; and Bruce and Veda Rogers of Vassar Playhouse.

The most important decision to come of the meeting was a commitment of the Professional Division to raise a minimum of ten percent (10%) of the AKT operating budget for 1980. The primary means will be through the attraction of national supply companies to display their wares at future conventions. Steve Butler of S.E.C.T. was appointed to be the contact for that job. The secondary source of fund-raising will be through the increase in the number of persons auditioning, and that will be the job of the Chairperson.

The Division agreed to a mid-September meeting to begin work on the 1980 convention. A date for that meeting will be announced later.

A report of the professional auditions 1979: Twelve theatres and two supply companies were represented, auditioning actors, singers, dancers, and technical applicants. The screening began at 9:30 Sunday morning, March 11 and each applicant was given two minutes. Seventy-two (72) persons had signed up by 11:30 and the screening was completed by 1:00 p.m. The number auditioning was a gain of 22% over the 1978 auditions. This represents a substantial gain, we feel. It is too early to report how many have been offered positions, but I will try to make this information known in a future MARQUEE.

Do any of you have any feed-back on the Convention or Auditions? Complaints/plaudits/suggestions? The executive committee is anxious to be a true representation of all the theatres in Kansas, so please send us your suggestions.

Secondary School Theatre - Nadine Charlsen, Division Chairperson
1000 S. Woodlawn # 1209, Wichita, KS (316) 684-6481

Any secondary school or Junior High that attended the AKT Convention this spring, should receive a certificate of participation and attendance. If you have not received a certificate, and you or a school representative attended the convention, write or call Nadine Charlsen at Campus High School. She will see that you receive one. (316) 524-3281 ext 26.

Campus High School was selected by the American Theatre Association to perform an original musical comedy at the National Convention in August (see p. 3). The musical, Beau Tie, played at the school on May 11 and 12. Campus is in the process of raising \$27,000 to send the cast and crew to New York City. For more information, contact Nadine Charlsen (also at the above school number).

How to Join the International Thespian Society.

If your school is interested in becoming a member of the International Thespian Society, see the requirements below:

The initial roster must include at least ten charter members. They must earn points according to the point system established by the Society. This system is available from the Office listed below.* If a student has worked on or been a cast member in two shows he is generally eligible for membership. The group fee is \$20.00 and \$5.00 for each individual member (the \$5.00 fee is a one-time fee, while the \$20.00 is yearly). For more information write to:

Bob Lambert - Kansas State Director *International Thespian Society
Garden City High School or 3368 Central Parkway
Garden City, KS 67846 Cincinnati, Ohio 45225

Dear Kansas Thespians:

Recently at the Association of Kansas Theatre 1979 Convention, I was elected State Thespian President. I am very proud to be the President of such a great and growing society. As I promised in my campaign for the presidency, I want to improve communications among the Thespians across the state, and to see new troupes initiated.

At the AKT Convention, I learned a great deal about theatre in general. I think it was an excellent experience for all who attended. I think I would like to improve one thing, and that would be , to see more Thespians there next year. So I would like to challenge your troupe to being as many as 10 people to the convention, from either your school or from another. The convention was a learning experience for all involved in theatre.

During my term of presidency, I would like you, as a Thespian member, to write me and give me any ideas or information on your school's theatre program.

In closing, I would just like to thank everyone who voted for me, and to thank everyone who attended AKT. You can trust that I will do my best this year. I think we have great state officers this year, and together we will work to keep up a great and growing society.

Mike Gibson
State Thespian President

SOME CURRENT THEATRE SCHEDULES

CROWN UPTOWN DINNER THEATRE, Wichita - Ph.(316) 681-1566: Last of the Red Hot Lovers - Now through June 3; HUTCHINSON REPERTORY, Hutchinson Ph. (316) 662-6187 - Available for touring: I Do! LEGISLATOR LIST

Kansas theatre groups! Theatre is alive and well across Kansas. But do the state senators and representatives in your district know how lively your theatre group is...or wants to be? How much does the Kansas delegation in Washington know about what you're doing? Well, tell them! Send them copies of your season brochure. Express your concern about the need for growth in the arts--especially the theatre arts--in the schools and communities of Kansas. Their interest and influence can help your group and others thrive and become more visible.

To help you communicate your activity and your concern, the following pages of MARQUEE contain a current list of state and federal legislators. Use it!

FEDERAL/STATE EXECUTIVE & LEGISLATIVE OFFICERS
